

May 26, 2020

The Honorable Amy Klobuchar
United States Senate
425 Dirksen Senate Office Building
Washington, DC 20510

Dear Senator Klobuchar:

Thank you for your sponsorship of S. 3569, "To help small business broadband providers keep customers connected." Your leadership on this issue is greatly appreciated.

As you well know, the need for communications connectivity has never been greater than during the current COVID-19 pandemic. The members of the National Tribal Telecommunications Association (NTTA) are owned and operated by our local Tribal communities. Our mission is to serve all community members that reside in our area, including the elderly, students and low-income consumers. And during these trying times, we are seeing more individuals and families in need of assistance in maintaining their broadband service.

NTTA endorses S. 3569. The funding proposed in this legislation will assist our companies in maintaining broadband services and keep our employees on the job.

NTTA looks forward to working with you and your staff to keep our consumers connected to the vital services they need.

Sincerely,

A handwritten signature in black ink, appearing to read "Godfrey Enjady", with a long horizontal line extending to the right.

Godfrey Enjady
President
