

NTTA

Workforce Development

Learn about opportunities to invest in your workforce and raise up talent for the future.

Panelists

Josh Seidemann

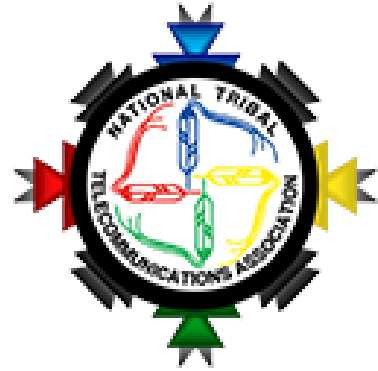

VP Policy and Industry
Innovation, NTCA – The Rural
Broadband Association

James Larson

Director of Manufacturing
and Apprenticeship, Arizona
Western College

NTTA

Workforce Development

Learn about opportunities to invest in your workforce and raise up talent for the future.

Important Considerations

1. What should make broadband industry jobs attractive to young workers? Opportunities for advancement!
 - Numerous leaders in NTCA membership who started in entry level jobs.
2. It's never "too early" to get students thinking about careers in the broadband industry!
 - Kids see what we do every day – they just might not understand everything that powers their connection.
3. How do we manage the expense of post-high school education?
 - Many NTCA member companies cover educational expenses in exchange for a two- or three-year commitment.
