

Bridging Connections in Tribal Communities

August, 2023

Agenda

- Introduction to Alan & Aviat
- Unique Connectivity Challenges
- Potential Solutions & Benefits
- Microwave vs. Fiber
- Collaborating with Aviat
- Q&A

Meet Alan

- 30 Years in Wireless Communication
- US Air Force Experience
- Pioneer of Wi-Fi Networks

August 2023

AVIAT NETWORKS

PTP Wireless: The Ideal Solution

- Overcoming Geographical Barriers
- Rapid Deployments
- Cost-Effective Connectivity

Microwave Transport Private LTE Virtual Fiber

August 2023

AVIAT NETWORKS

Aviat's Custom Solutions

- Designed for Tribal Needs
- Seamless Integration
- Comprehensive Support & Training

August 2023

AVIAT NETWORKS

Challenges in Tribal Communities

- Geographical Separation
- Cultural Sensitivities
- Infrastructure & Right-of-Way Hurdles

August 2023

AVIAT NETWORKS

Microwave vs. Fiber

- Microwave: Flexibility, Up to 10 Gbps, & Cost Efficiency
- Fiber: High Capacity yet Vulnerable Infrastructure
- Making the Right Choice for Community Needs

August 2023

Thank you!

Q&A

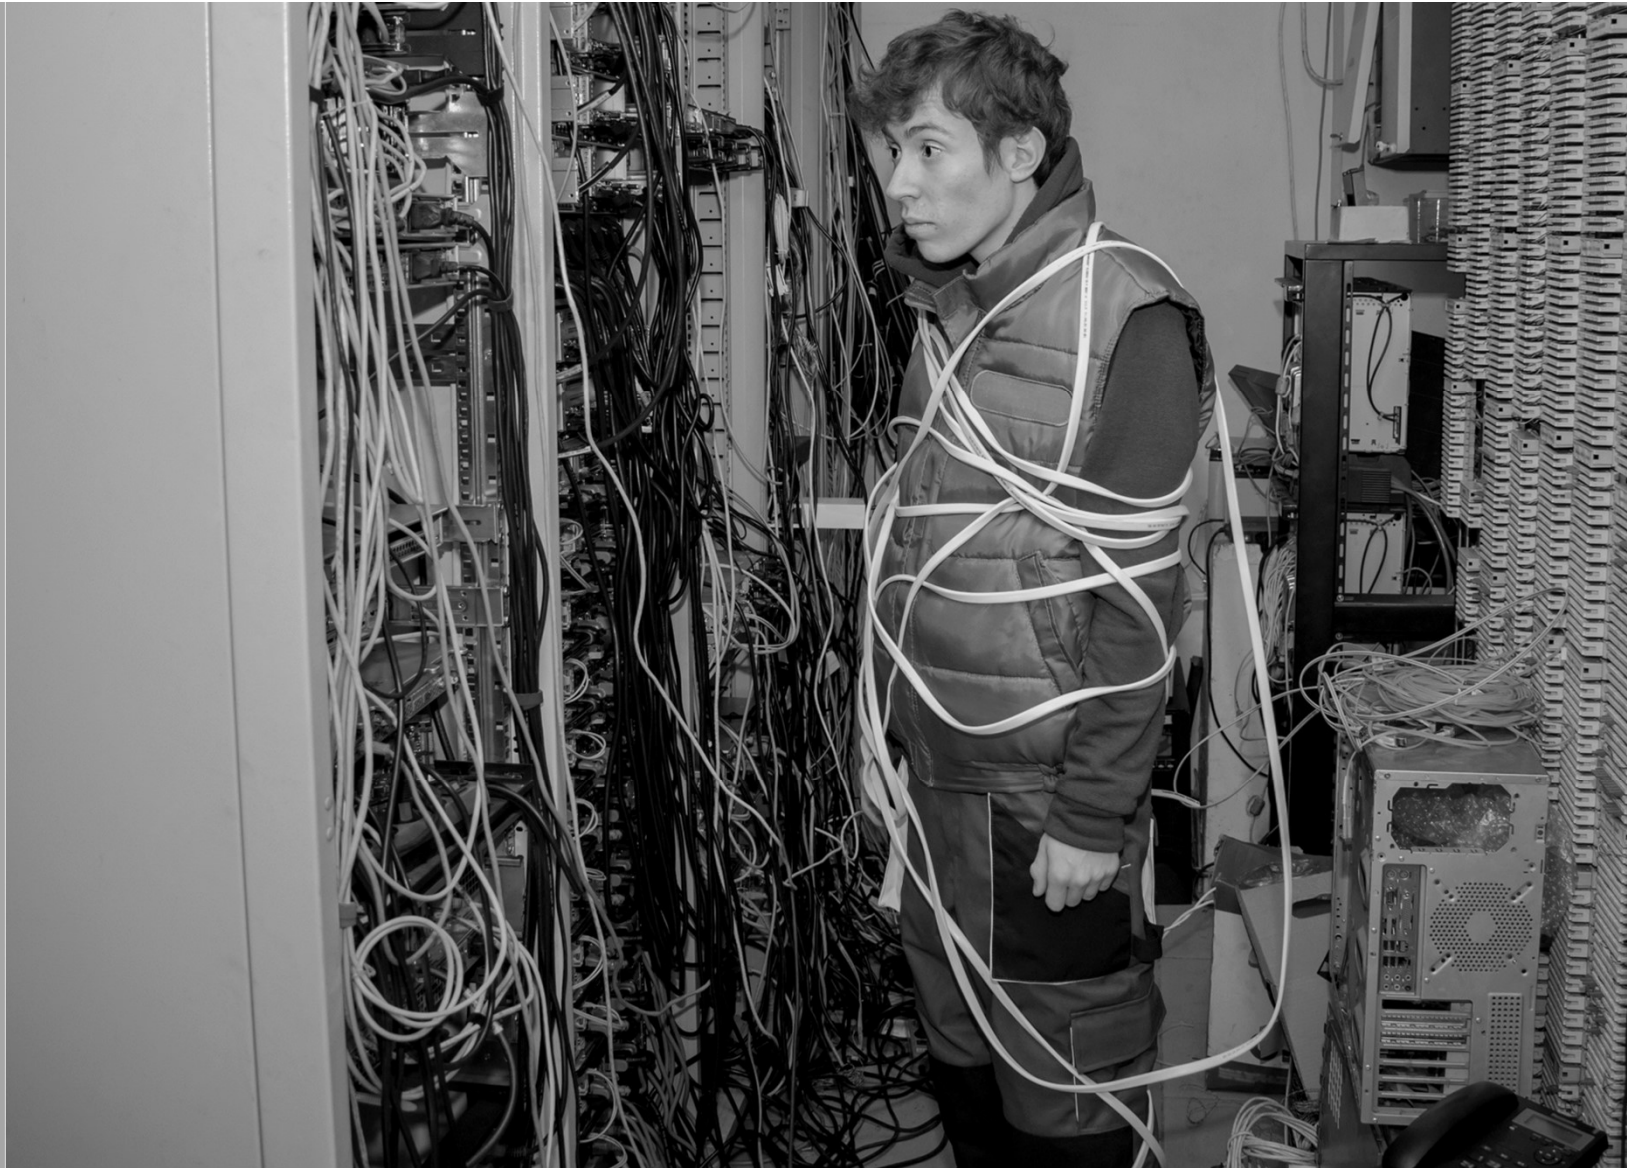

August 2023

AVIAT NETWORKS

Meet Alan

- 38 Years in Wireless Communication
- US Air Force Experience
- Pioneer of Wi-Fi Networks

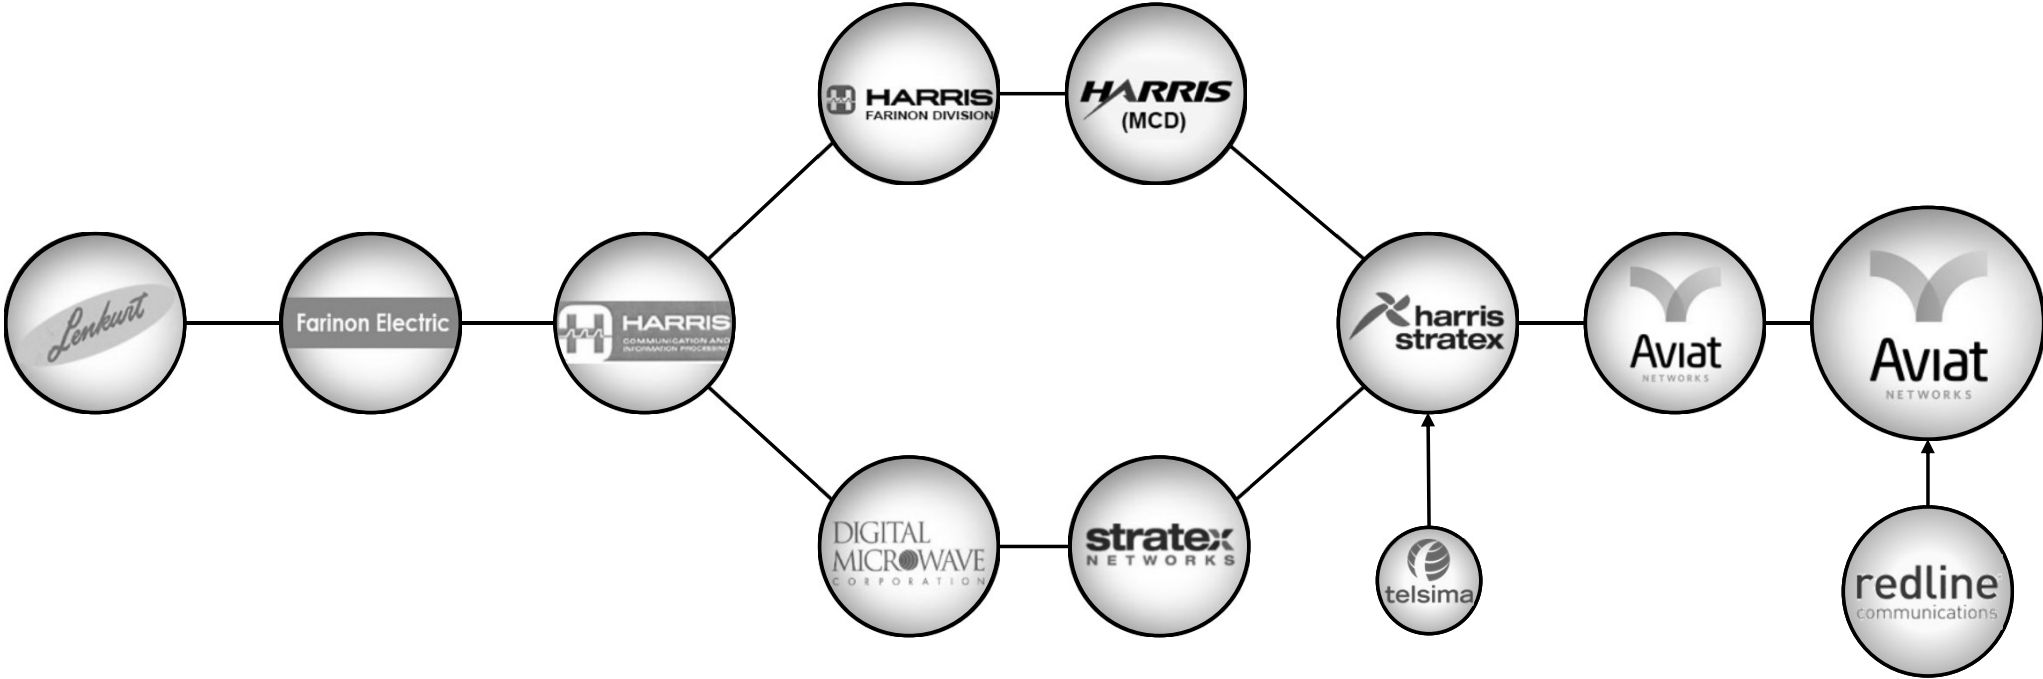

The World's MOST TRUSTED Microwave Provider

- ✓ Headquartered in Austin, Texas
- ✓ Presence in over 30 countries
- ✓ Over A Million Systems Deployed
- ✓ Global Leaders in Microwave Solutions
- ✓ Boasting 70+ years of experience and 200+ technology patents
- ✓ Listed on NASDAQ as AVNW

Over 75 Years of Experience

1944 1958 1980 1981 / 84 1998 / 99 2007 2010 2022

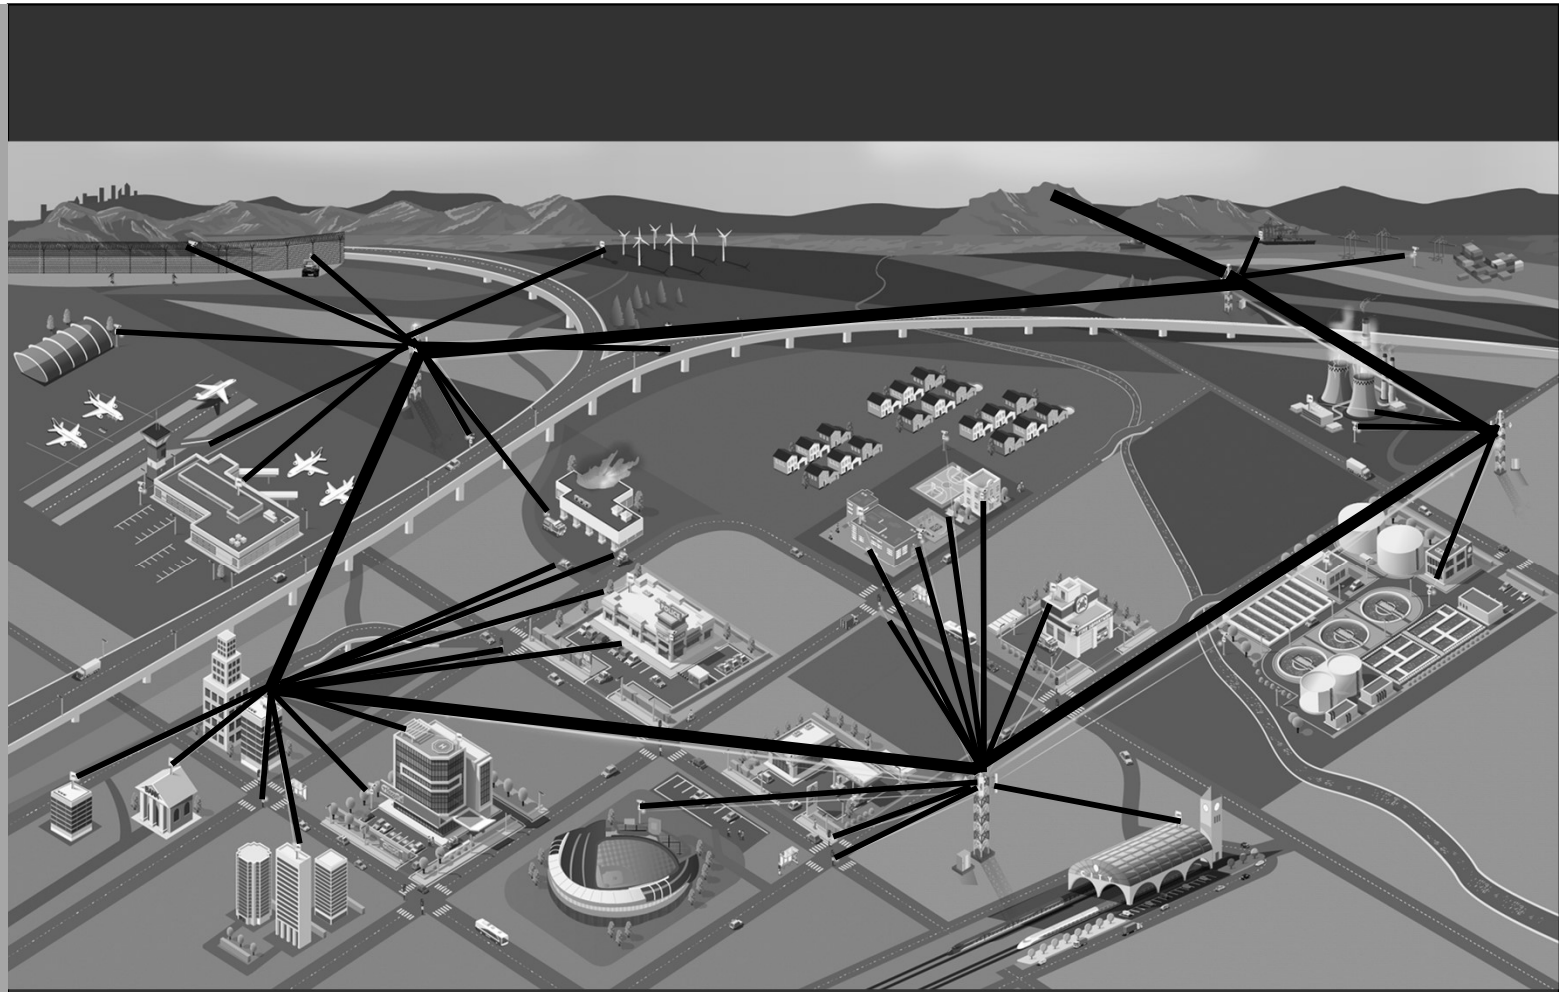

A Long History of Wireless Leadership

Challenges in Tribal Communities

- Geographical Separation
- Cultural Sensitivities
- Infrastructure & Right of Way Hurdles

PTP Wireless: The Ideal Solution

- Overcoming Geographical Barriers
- Rapid Deployment
- Cost-Effective Connectivity

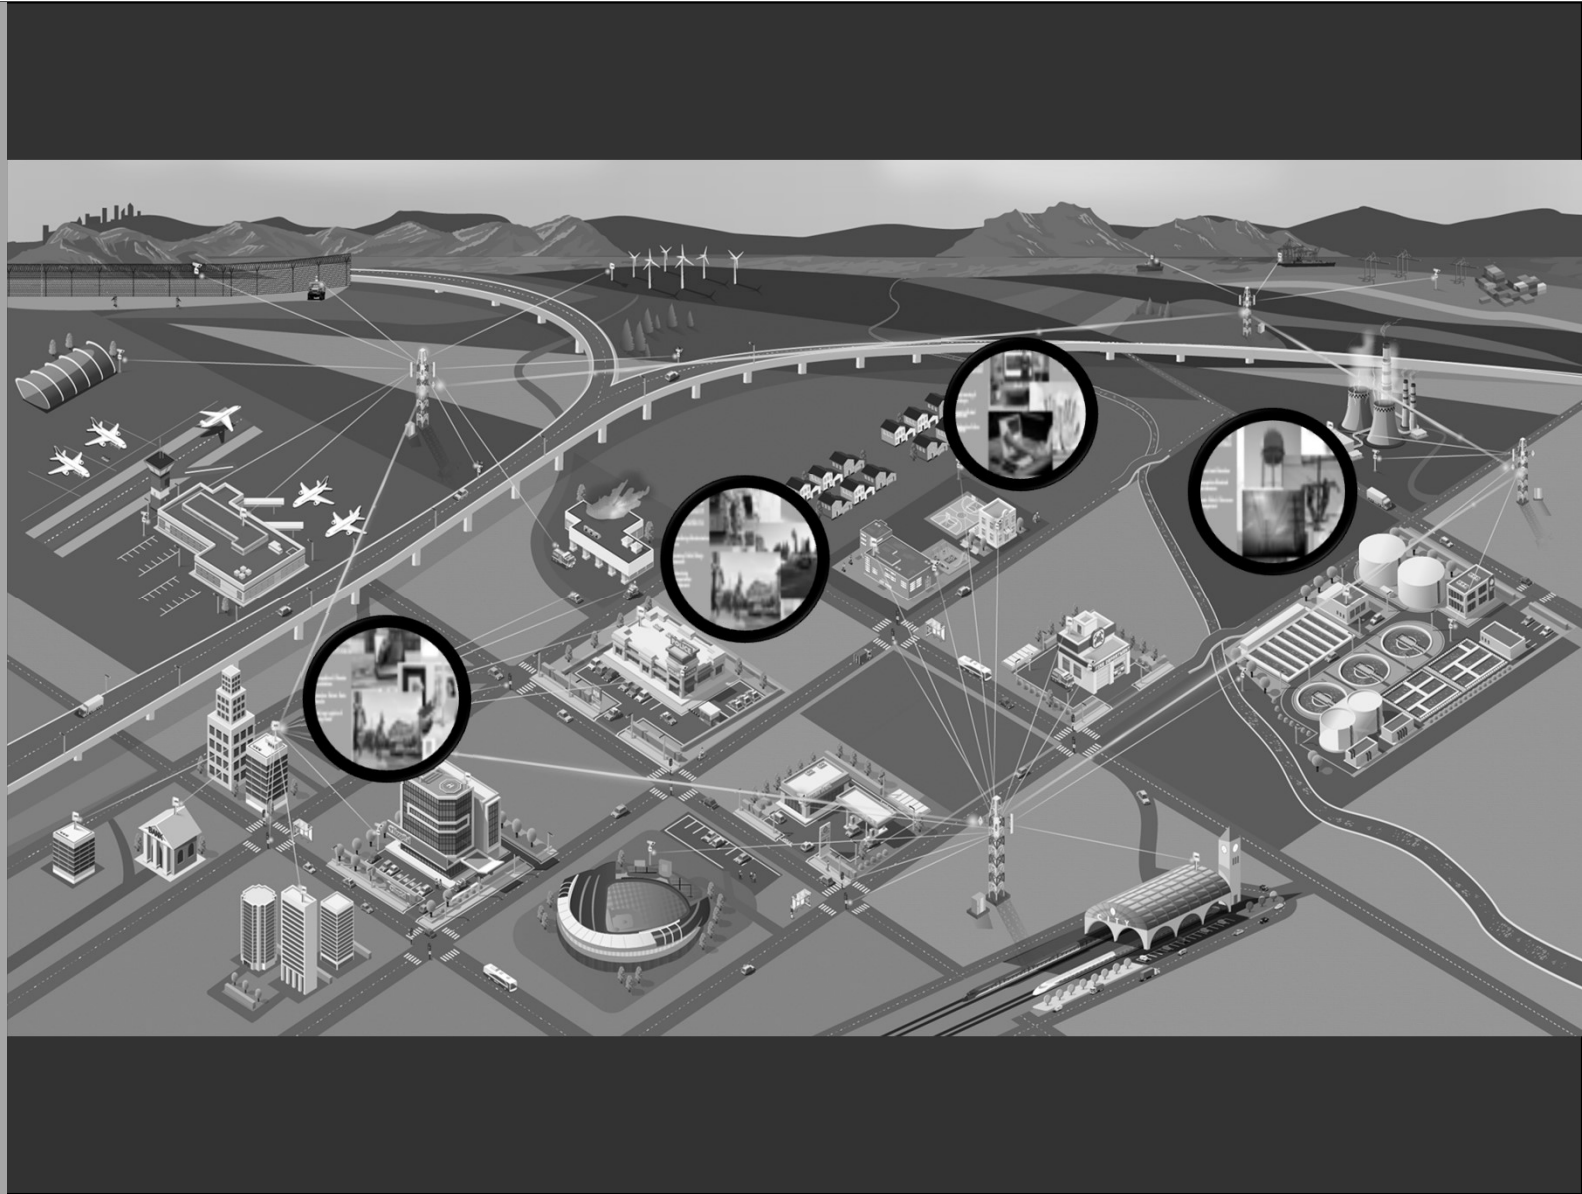

Microwave Transport

Private LTE

Virtual Fiber

Connecting the Community

- Government
- Healthcare
- Education
- Utilities
- And More!

AVIAT NETWORKS

Benefits to Government Operations

- Streamlining Administrative Tasks
- Elevating Public Safety Measures
- Modernizing Transportation Management

Revolutionizing Healthcare

- Telemedicine & Remote Consultations
- Seamless Patient Data Transfer
- Real-time Logistics & Supply Chain

Transforming Education

- Virtual Learning & Workshops
- Access to Global Resources
- Collaborative Online Platforms

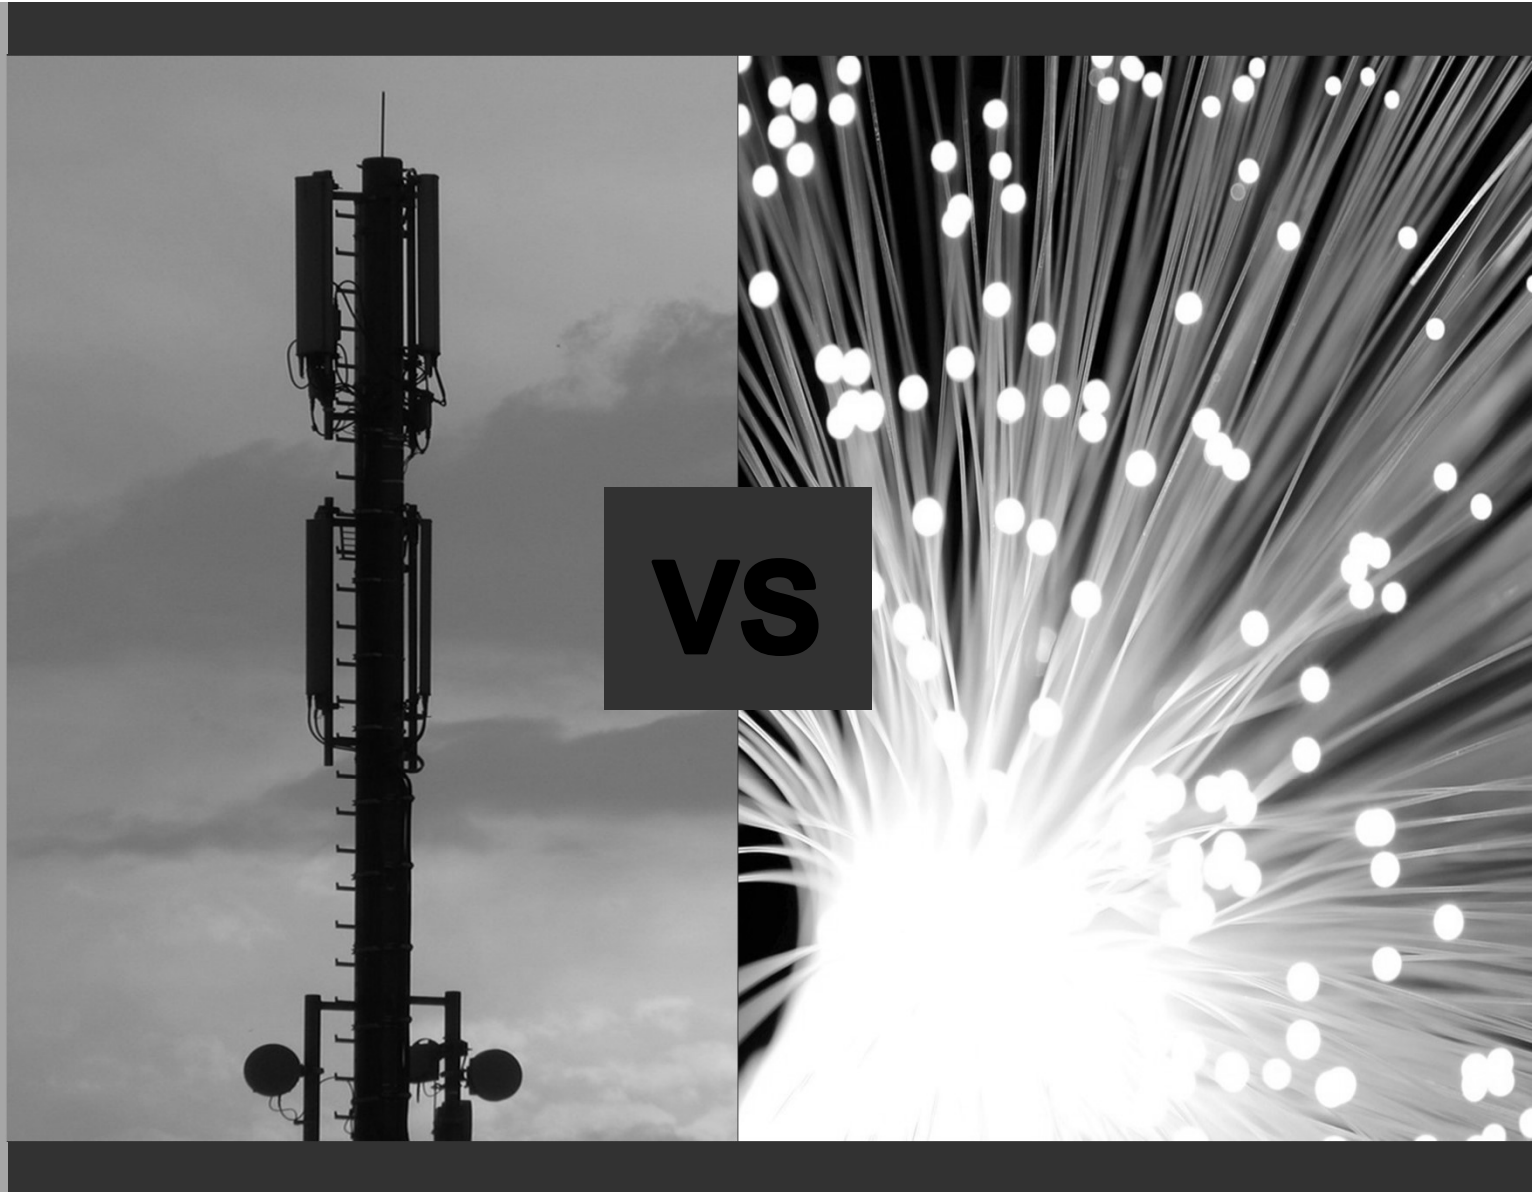

Powering Utilities

- Instant Leak Detection
- Preemptive Electrical Maintenance
- Smart Grids & Resource Management

Microwave vs. Fiber

- Microwave: Flexibility, Up to 10 Gbps, & Cost Efficiency
- Fiber: High Capacity yet Vulnerable Infrastructure
- Making the Right Choice for Community Needs

Aviat's Custom Solutions

- Designed for Tribal Needs
- Seamless Integration
- Comprehensive Support & Training

Collaborating for a Better Tomorrow

- Bridging Digital Divides
- Future-ready Tribal Communities
- The Road Ahead with Aviat

Thank you!
